(1) The electors residing within the jurisdiction of a local health board may, by petition, request an election on whether to repeal or amend a local health board action. The form of the petition must be approved by the county election administrator of the county or counties that have territory within the local health board's jurisdiction. A petition signed by at least 5% of the qualified electors residing within the jurisdiction of the local health board is sufficient to require an election.

(2) If an approved petition containing sufficient signatures is filed prior to the effective date of the local health board action or within 14 days after the passage of the local health board action, whichever is later, a petition requesting an election on whether to amend or repeal the local health board action delays the local health board action's effective date until the local health board action is ratified by the electors.

(3) A petition for an election must:

(a) set out fully the local board action sought to be amended and the proposed amendment or the local board action to be repealed;

(b) specify the local governing body that oversees the local health board; and

(c) be in the form prescribed in Title 13, chapter 27, except as specifically provided in this part.

(4) An election held pursuant to this section must be conducted within 30 days of the filing of a petition allowed in subsection (2) and may be held:

(b) as a special election if the next local government election does not occur within 30 days of the filing of a petition allowed in subsection (2).

(5) The city clerk, county election administrator, or both if applicable shall certify the results of the election.

(6) If a majority of those voting on the question approve the proposal:

(a) it becomes effective when the election results are officially declared, unless otherwise stated in the proposal; and

(b) the local board of health may not subsequently propose, adopt, or enact a local health board action that is similar to the original local health board action or conflicts with the amended or repealed local board action approved by the electors as allowed in this section.

(7) The local governing body that oversees the local board of health is responsible for all costs incurred by the petition and election provided for in this section.

(8) As used in this section, the following definitions apply:

(a) "Local governing body" or "governing body" means:

(i) the board of county commissioners that oversees a county local board of health;

(ii) the elected governing body of a city that oversees a city local board of health; or

The Honorable Wylie Galt
Speaker of the House
State Capitol

The Honorable Mark Blasdel
President of the Senate
State Capitol
Helena, MT 59620

Dear Speaker Galt and President Blasdel:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 97, **“AN ACT CLARIFYING ETHICS ENFORCEMENT AND REQUIREMENTS AS THEY PERTAIN TO MEMBERS OF CERTAIN BOARDS AND COMMISSIONS, AND COMMITTEES; AND AMENDING SECTIONS 2-2-102, 2-2-103, 2-2-136, AND 2-2-144, MCA”**.

HB 97 expands the authority of the Commissioner of Political Practices (COPP) to adjudicate ethics violations of certain board, commission, and committee members. The bill was presented to the legislature as a clean-up bill. It is anything but.

The legislature has the obligation under Article XIII, Sec. 4 of the Montana Constitution to provide a code of ethics, which it has fulfilled in Title 2, Section 2, MCA. In deciding to grant COPP's enforcement authority of the code in 1995, the legislature carefully limited the scope of that authority to state officers, legislators, and employees. The COPP nevertheless assumed broader

HOUSE JOURNAL
SIXTY-NINTH LEGISLATIVE DAY - APRIL 12, 2021

authority over state boards, commissions, and committees and would still be unlawfully exerting that authority but for a recent lawsuit in which the Montana Supreme Court held that no such authority exists. The COPP's failure to operate within the scope of authority granted the agency suggests it is ill-suited for an increase of that authority.

Nor is expanded authority necessary. Unlike other government entities, state boards, commissions, and committees are comprised largely of volunteers. Rather than subject these volunteers to the jurisdiction of COPP, their ethical conduct can be overseen by the boards, commissions, and committees themselves, which have internal ethics rules and review processes to ensure ethical behavior.

For these reasons, I veto HB 97.

Sincerely,

GREG GIANFORTE
Governor

SPECIAL ORDERS OF THE DAY

On Sunday, April 11, 2021, the Montana Legislature met to recognize and record the passing of former members of the Senate and House of Representatives. Memorials of those members are included in this journal beginning on the following page.

ANNOUNCEMENTS

Committee meetings were announced by the committee chairs.

Majority Leader Vinton moved the House adjourn until 1:00 p.m., Tuesday, April 13, 2021. Motion carried.

House adjourned at 2:48 p.m.

CAROLYN TSCHIDA
Chief Clerk of the House

WYLIE GALT
Speaker of the House

HARRY K. BERG

WHEREAS, it is with deep and sincere sorrow that the members of the Sixty-Seventh Legislative Assembly of the State of Montana record the passing of Harry K. Berg on May 8, 2020 at the age of 76. It is fitting and proper that the record and accomplishments of Harry Berg be filed on the official records of this Assembly, and the following facts relative to his career are hereby noted.

Harry Berg was the seventh of eight children born to Henry and Ruth Berg. He was raised on a ranch south of Shawmut, and he learned early that work and perseverance were needed for success. He attended grade school, along with, at the most, 6 fellow students in a small log cabin schoolhouse about the size of a modern living room with no electricity or running water. He attended high school in Big Timber where he participated in sports and music. After high school he joined the Army Reserve and was discharged in 1968. He worked his way through Montana State University and graduated with a bachelor's degree in 1975 and a master's in education.

Harry married Linda Yost in 1967. Linda was the girl next door ... but that was 20 miles away. In 1968 they moved to Great Falls and Harry began a 27-year teaching career with the Great Falls Public Schools. He was very active in the education association, serving in many capacities at the local, state, and national levels. He also worked for H&R Block for 15 years.

He became politically active and was elected to the Montana State Senate in 1980 and served one term.

In 1984 Harry and Linda were blessed with their only son, Eric. Retiring from teaching in 1994 allowed Harry and Eric lots of quality time together, forming a truly special bond. One of Harry's proudest moments was serving as Best Man in Eric's wedding to Jessica Purdy in 2019.

Harry was preceded in death by his parents, Henry and Ruth, brothers John, Richard and Ben; brother-in-law Lawrence Gee; and sisters-in-law Theresa and Nyla Berg. He is survived by his wife Linda; son Eric (Jessica); sister Mary Jane (Tookie) Gee; brother Arnold (Diane), Lloyd (Linda) and Glenn (Holly); sister-in-law Joan Berg and many wonderful nieces, nephews, cousins and friends.

GENE NORMAN ERNST

WHEREAS, it is with deep and sincere sorrow that the members of the Sixty-Seventh Legislative Assembly of the State of Montana record the passing of Gene Norman Ernst on June 30, 2020 in Stanford at the age of 92. It is fitting and proper that the record and accomplishments of Gene Norman Ernst be filed on the official records of this Assembly, and the following facts relative to his career are hereby noted.

Gene was born in Great Falls to Jacob and Gertrude Ernst of Stanford. He was raised on the family homestead four miles northeast of Stanford. After graduating from Stanford High School, Gene joined the U.S. Air Force and served as an Information Specialist at Lowry Air Force Base in Colorado for two years.

After the service, he attended and graduated in 1951 with a bachelor's degree in ag science from Montana State University. Later that summer Gene married Geraldine Worth of Butte, and they returned to the family farm where they farmed and ranched and raised their family.

Gene was a lifetime member of the Stanford Presbyterian Church. He was also active in the Masonic Lodge, Order of Eastern Star, Shriners, the Montana Grain Growers Association and the American Legion. He served over 10 years as Post Commander for the American Legion in Stanford.

From 1976 to 1986 he served in the Montana House of Representatives.

Gene had a gentle disposition, and he enjoyed giving his time to help his family and others in his community. Gene's sense of humor and grit were present throughout his entire life and will be forever remembered by his family.

Gene was preceded in death by his beloved wife of 46 years, Gerry; his son, Daniel; and his parents, Jacob and Gertrude. He is survived by his brother, Norman Ernst of Lewistown; by his children Ward Ernst; Lennie (Amy) Ernst and Debbie Ernst. He is also survived by six grandchildren, numerous great grandchildren, nieces and nephews.

He coached Montana distance runners and trained future coaches.

After his time in Denmark, Kelly returned to the family ranch and the mountains he loved. The family created what was called "a paradise for hunters, summer vacationers and family at Hidden Holly Hideaway." He believed that he was a just temporary steward of the land, and worked to create healthy forests, nurture productive fields and protect wildlife. He was a cowboy and outdoorsman, and he guided guests and hunters around the mountains on horseback.

Kelly's love of the land and his strong desire to serve his community and his state led him to the Montana Legislature. He served in the Montana House of Representatives from 2010-2018. He was proud of his work on conservation legislation and supporting constituents. On his final day in the House, as he made the sine die motion he urged people to "Remember the past, plan for the future, but live for today."

In 2015 Dale carried a bill to create a satellite state crime lab in Billings which was passed by the Legislature. After the Milky Way closed in 1971, Jack began a new career as executive director of the Montana Petroleum Association and the Rocky Mountain Oil and Gas Association. Later he served as the Vice President of Security Federal Savings and Loan before becoming its president, where he oversaw the expansion to 23 locations across Montana and the change from a savings and loan to a bank.

(1) Except as provided in subsections (2) and (3), this section applies to civil claims brought in judicial proceedings on behalf of individuals and entities for the recovery of restoration damages to address impacts to real property caused by releases of hazardous or deleterious substances.

(2) Restoration damages may be awarded only for a claim alleging contamination of special use property and may be obtained only in accordance with the definitions and other requirements set forth in this section. The plaintiff bears the burden of proof to show that the property meets the definition of special use property.

(3) Restoration damages may not be awarded or used to alter an interim or final remedial action that has been or will be undertaken on, or will benefit, a special use property pursuant to any of the following authorities:

(a) a federal administrative order issued pursuant to 42 USC 9601, et seq., as of March 27, 2021;

(4) (a) Restoration damages awarded pursuant to subsection (2), exclusive of awards of attorney fees and costs, may be used only to conduct remedial and corrective action necessary to restore the special use property for which the damages were awarded. Restoration must commence within 3 years from the date the judgment is paid or settlement proceeds are received.

(b) If any awarded restoration damages remain after completion of the restoration work, the surplus must be refunded to the defendant. If the defendant is no longer viable or cannot be found, the funds must be remitted to the department.

(5) Any party may request that a court awarding restoration damages also order that those damages be deposited in a segregated trust or escrow account at a commercial bank or trust company to ensure compliance with subsection (4)(a). The plaintiff may create a trust or escrow account to be overseen by a qualified professional to restore the special use property.

(6) Nothing in this section precludes the award of other damages allowed under common law and statute.

(7) As used in this section, the following definitions apply:

(a) "Qualified professional" means a person who possesses sufficient specific education, training, and experience necessary to exercise professional judgement to design and oversee implementation of a restoration plan.

(c) "Special use property" means real property contaminated by a release of a hazardous or deleterious substance that is found by a trier of fact to have objectively reasonable personal value to the plaintiff not reflected in the market value of the property or to have unique public, historic, cultural, or religious value not reflected in the market value of the property."

Declaration of purpose.** The purpose of this chapter is to establish an orderly, consistent review process that better enables state agencies to evaluate whether proposed regulatory or administrative actions may result in a taking of private property without due process of law. It is not the purpose of this chapter to expand or reduce the scope of private property protections provided in the state and federal constitutions."

Insert: "NEW SECTION. **Section 3. Definitions.** As used in this chapter the following definitions apply:

(1) "Private property" means all property described in 70-1-104.

(2) "Regulatory taking" means a regulatory or administrative action resulting in deprivation of private property that is the subject of such action, whether such deprivation is total or partial, permanent or temporary, in violation of the state or federal constitution.

(3) "State agency" means the state of Montana and any officer, agency, board, commission, department, governmental entity, or similar body of the executive branch of the state government."

Insert: "NEW SECTION. **Section 4. Protection of private property.** (1) The attorney general shall establish a process, including a checklist, that enables a state agency to evaluate proposed regulatory or administrative actions to ensure that the actions do not result in an unconstitutional taking of private property. The attorney general shall review and update the process at least on an annual basis to maintain consistency with changes in law. All state agencies shall follow the guidelines of the attorney general.

(2) An owner of private property that is the subject of such action may submit a written request with a state agency to analyze the questions on the checklist before undertaking the regulatory or administrative action. Before making a final decision concerning the matter at issue, the state agency shall prepare a written taking analysis concerning the action. Any regulatory taking analysis prepared shall comply with the process set forth in this chapter, including use of the checklist developed by the attorney general pursuant to subsection (1) and shall be provided to the private property owner no later than 42 days after the date of filing the request with the state agency whose action is questioned. A regulatory taking analysis prepared pursuant to this section is considered public information.

(3) (a) The checklist must contain the following questions that must be considered in any regulatory takings analysis:

HOUSE JOURNAL
SEVENTY-FIRST LEGISLATIVE DAY - APRIL 14, 2021

- (i) Does the regulation or action result in either a permanent or temporary physical occupation of private property?
 - (ii) Does the regulation or action require a property owner to either dedicate a portion of property or to grant an easement?
 - (iii) Does the regulation deprive the owner of all economically viable uses of the property?
 - (iv) Does the regulation have a significant impact on the landowner's economic interest?
 - (v) Does the regulation deny a fundamental attribute of ownership?
 - (vi) Does the regulation serve the same purpose that would be served by directly prohibiting the use or action?
 - (vii) Does the condition imposed substantially advance that purpose?
- (b) The attorney general may include additional questions in the checklist on an annual basis.
- (4) A governmental action is voidable if a written taking analysis is not prepared after a request has been made pursuant to this chapter. A private property owner whose property is the subject of governmental action and who is affected by a governmental action without the preparation of a requested taking analysis as required by this section may seek a judicial determination of the validity of the governmental action by initiating a declaratory judgment action or other appropriate legal procedure. An action seeking to invalidate a governmental action for noncompliance with subsection (2) must be filed in a district court in the county in which the private property owner's affected private property is located. If the affected property is located in more than one county, the private property owner may file suit in any county in which the affected private property is located.
- (5) During the preparation of the taking analysis, any time limitation relevant to the regulatory or administrative actions is tolled. The tolling ceases when the taking analysis has been provided to the property owner. Both the request for a taking analysis and the taking analysis must be part of the official record regarding the regulatory or administrative action.
- (6) A private property owner is not required to submit a request under this chapter. The decision by the private property owner not to submit a request under this chapter may not prevent or prohibit the private property owner from seeking any legal or equitable remedy including, but not limited to, the payment of just compensation."

"2-2-136. Enforcement for state officers, legislators, and state employees -- referral of complaint involving county attorney. (1) (a) A person alleging a violation of this part or [section 4] by a state officer, legislator, judicial officer, or state employee may file a complaint with the commissioner of political practices. The commissioner does not have jurisdiction for a complaint concerning a legislator if a legislative act is involved in the complaint. The commissioner also has jurisdiction over complaints against a county attorney that are referred by a local government review panel pursuant to 2-2-144 or filed by a person directly with the commissioner pursuant to 2-2-144(6). If a complaint is filed against the commissioner or another individual employed in the office of the commissioner, the complaint must be resolved in the manner provided for in 13-37-111(5).

(b) The commissioner may request additional information from the complainant or the person who is the subject of the complaint to make an initial determination of whether the complaint states a potential violation of this part.

(c) The commissioner may dismiss a complaint that is frivolous, does not state a potential violation of this part or [section 4], or does not contain sufficient allegations to enable the commissioner to determine whether the complaint states a potential violation of this part.

(d) When a complaint is filed, the commissioner may issue statements or respond to inquiries to confirm that a complaint has been filed, to identify against whom it has been filed, and to describe the procedural aspects and status of the case.

(2) (a) If the commissioner determines that the complaint states a potential violation of this part or [section 4], the commissioner shall hold an informal contested case hearing on the complaint as provided in Title 2, chapter 4, part 6. However, if the issues presented in a complaint have been addressed and decided in a prior decision and the commissioner determines that no additional factual development is necessary, the commissioner may issue a summary decision without holding an informal contested case hearing on the complaint.

SEVENTY-FIRST LEGISLATIVE DAY - APRIL 14, 2021

(b) Except as provided in 2-3-203, an informal contested case proceeding must be open to the public. Except as provided in Title 2, chapter 6, part 10, documents submitted to the commissioner for the informal contested case proceeding are presumed to be public information.

(c) The commissioner shall issue a decision based on the record established before the commissioner. The decision issued after a hearing is public information open to inspection.

(3) (a) Except as provided in subsection (3)(b), if the commissioner determines that a violation of this part or [section 4] has occurred, the commissioner may impose an administrative penalty of not less than \$50 or more than \$1,000.

(b) If the commissioner determines that a violation of 2-2-121(4)(b) has occurred, the commissioner may impose an administrative penalty of not less than \$500 or more than \$10,000.

(c) If the violation was committed by a state employee, the commissioner may also recommend that the employing state agency discipline the employee. The employing entity of a state employee may take disciplinary action against an employee for a violation of this part, regardless of whether the commissioner makes a recommendation for discipline.

(d) The commissioner may assess the costs of the proceeding against the person bringing the charges if the commissioner determines that a violation did not occur or against the officer or employee if the commissioner determines that a violation did occur.

(4) A party may seek judicial review of the commissioner's decision, as provided in Title 2, chapter 4, part 7, after a hearing, a dismissal, or a summary decision issued pursuant to this section.

(5) The commissioner may adopt rules to carry out the responsibilities and duties assigned by this part and [section 4]."

The Honorable Wylie Galt
Speaker of the House
State Capitol
Helena, MT 59601

The Honorable Mark Blasdel
President of the Senate
State Capitol
Helena, MT 59601

Dear President Blasdel and Speaker Galt:

In accordance with the power vested in me as the Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 440 "AN ACT GENERALLY REVISING ALCOHOL REGULATORY LAWS RELATING TO WINERIES; REQUIRING WINERIES LOCATED IN MONTANA TO FERMENT A CERTAIN AMOUNT OF FERMENTABLE AGRICULTURAL PRODUCTS AT THE WINERY; AMENDING SECTION 16-3-411, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE."

HB 440 requires any new license applicants to "ferment at least 50% of the fermentable agricultural products that are used in wine production at the winery location." This change in the law amounts to the state government dictating winners and losers in what is otherwise a highly competitive market with robust consumer choice. If enacted, HB 440 would allow certain entrants into the market while restricting others. This is an unjustified restraint of trade that disincentivizes business development and job creation.

Currently, wineries that ferment a majority of their product can already obtain a license and enter the market. HB 440 gives this type of winery a government-sponsored advantage over other wineries that maintain a different business model, in particular, wineries that import in bulk and retail to consumers. See MCA§ 16-3-411{1}(a). And HB 440 grandfathers the licenses of wineries that import their product, with the anti-competitive effect of insulating those types of

HOUSE JOURNAL
SEVENTY-THIRD LEGISLATIVE DAY - APRIL 20, 2021

wineries from further competition. While this may be unintentional, it is still counter to a free market where consumers are sovereign and determine winners and losers.

I also believe it would be difficult for the Montana Department of Revenue to determine whether a newly licensed winery is actually fermenting at least 50% of its production. I am hesitant to sign legislation that the executive branch cannot reasonably-enforce.

I cannot in good conscience sign a bill that amounts to unnecessary government intervention in a market that already offers consumers ample choice. These consumers should determine which businesses succeed and which fail.

For these reasons, I am vetoing HB 440.

Sincerely,

GREG GIANFORTE
Governor

(3) The reappraisal of class three and class four property is complete on December 31 of every second year of the reappraisal cycle, and the reappraisal of class ten property is complete on December 31 of the sixth year of the reappraisal cycle. The amount of the change in valuation from the base year for class ten property must be phased in each year at the rate of 16.66% of the change in valuation.

(4) During the second year of each reappraisal cycle, the department shall provide the revenue interim committee with a report, in accordance with 5-11-210, of tax rates for the upcoming reappraisal cycle that will result in taxable value neutrality for each property class.

(5) The department shall administer and supervise a program for the reappraisal of all taxable property within classes three and four. The department shall adopt a reappraisal plan by rule. The reappraisal plan adopted must provide that all class three and class four property in each county is revalued by January 1 of the second year of the reappraisal cycle, effective for January 1 of the following year, and each succeeding 2 years, and must provide that all class ten property in each county is revalued by January 1, 2015, effective for January 1, 2015, and each succeeding 6 years. The resulting valuation changes for class ten property must be phased in for each year until the next reappraisal. If a percentage of change for each year is not established, then the percentage of phasein for class ten property each year is 16.66%.

(6) (a) In completing the appraisal or adjustments under subsection (5), the department shall, as provided in the reappraisal plan, conduct individual property inspections, building permit reviews, sales data verification reviews, and electronic data reviews. The department may adopt new technologies for recognizing changes to property.

(b) The department shall conduct a field inspection of a sufficient number of taxable properties to meet the requirements of subsection (5).

(7) (a) In each notice of reappraisal sent to a taxpayer, the department, with the support of the department of administration, shall provide to the taxpayer information on:

(i) the consumer price index adjusted for population and the average annual growth rate of Montana personal income; and

(ii) the estimated annualized change in property taxes levied over the previous 10 years by the state, county, and any incorporated cities or towns within the county and local school average mills by county.

(b) In every even-numbered year, the department shall publish in a newspaper of general circulation in each county the information required pursuant to subsection (7)(a) by the second Monday in October."

(1) Mindful of Article IX, section 7, of the Montana constitution and consistent with 23-2-322(2), the legislature declares that where a dispute exists, the exercise of eminent domain is the preferred constitutional manner in which the recreating public acquires public access easements, rather than confiscation of private property rights in the name of the public by surrogates and nonprofit organizations.

(2) As used in Title 70, unless the context clearly indicates otherwise, the following definitions apply:

(a) "Prescriptive easement" means a right to use the property of another that is acquired by open, exclusive, notorious, hostile, adverse, continuous, and uninterrupted use for a period of 5 years. For the purposes of this definition, the interests of a lessee in an alleged servient tenement are the same as those of the lessor of that alleged servient tenement.

(b) "Public access prescriptive easement" means a prescriptive easement based on public use of private land for the purpose of accessing public land for recreational uses, including but not limited to hunting, fishing, hiking, walking, traveling by horseback, bicycle, or motorized vehicle, and other outdoor-related pleasure activities. The term applies to any type of easement based on public use of private land, including easements claimed under section 2477 of Revised Statutes of the United States and section 32-103, Revised Codes of Montana (1947), that was repealed in 1959."

Insert: "NEW SECTION. Section 3. Public access prescriptive easements -- private attorney general doctrine. The private attorney general doctrine, as adopted by the Montana supreme court, does not apply to a cause of action brought by a party alleging a public access prescriptive easement. Plaintiffs who allege a public access prescriptive easement are not entitled to attorney fees."

(11) "Underserved area" means an area where any of the delivery points have no access to broadband service offered with a download speed range of less than 100 megabits per second and an upload speed of 20 megabits per second or less with low latency.

(12) "Unserved area" means a project area where at least 10% of delivery points have no access to broadband service or have no access to services operating with a download speed of at least 25 megabits per second and upload speed of at least 10 megabits per second with low latency."

Insert: "NEW SECTION. Section 3. Establishment of program -- administration and funding.

(1) The department shall establish the broadband infrastructure deployment program and shall administer and act as the fiscal agent for the program and is responsible for receiving and reviewing responsive proposals and awarding contracts after review by the communications advisory commission provided for in House Bill No. 632 and the governor's approval. A request for proposal may be canceled or any proposal may be rejected in whole or in part when it is in the best interests of the state.

(2) Funding for the program established under this section is subject to appropriations from general fund revenue, from bonds issued by the department, or federal broadband stimulus funds or other federal funds appropriated by congress and allocated to the department for funding of broadband communications projects."

Insert: "NEW SECTION. Section 4. Eligible projects. (1) An eligible provider may be awarded funding under this section for a project in a project area that, as of the date the proposal is filed, constitutes an unserved or underserved area as defined in [section 2]. Funds may not be used to support noncapital expenses, including general operations of an eligible provider, nonbroadband services, marketing, or advertising.

(2) The project area to be served by a project funded under the program must be described on a shapefile basis.

(3) The department may issue requests for proposals or accept proposals from eligible providers or solicit proposals for specific eligible projects as designated by the department, which would be submitted as proposals pursuant to [section 1 through 9]."

Insert: "NEW SECTION. Section 5. Eligible proposals. Eligible providers who submit responsive proposals:

(1) may not receive funds under any other federal or state government grant or loan program where government funding supports 100% of the proposed project's capital costs;

(2) shall commit to paying a minimum of 20% of the project costs and may not provide a minimum matching amount from any funds derived from government grants or subsidies, except for federal funds designated for broadband deployment. Priority will be given to the eligible provider who contributes the largest percentage of costs from its own funds. Local and tribal governments, in partnership with an eligible provider may provide funding for broadband infrastructure projects consistent with the provisions of [section 1 through 9] except that such funds may not be counted toward the minimum 20% matching amount from a provider.

(3) may only be a nongovernment entity with demonstrated experience in providing broadband service or other communications services to end-user residential or business customers in the state."

Insert: "NEW SECTION. Section 6. Proposals. (1) The department shall establish a location prioritized timeframe commencing an open process for submission of proposals for funding under the proposal program established in [sections 1 through 9]. The window for submission must be at least 60 days and not more than 90 days for any shapefile area designation.

(2) An eligible provider shall submit a proposal to the department on a form prescribed by the department. A responsive proposal must include the following information:

(a) evidence demonstrating the provider's technical, financial, and managerial resources and experience to provide broadband service or other communications services to customers in the state, and the ability to build, operate, and manage broadband service networks serving business and residential customers in the state;

(b) a description of the project area, including shapefiles, that the eligible provider proposes to build or serve and specific mapping of currently served areas, if any, including actual speed verification;

(c) a description of the broadband service infrastructure that is proposed to be deployed, including facilities, equipment, and network capabilities that include minimum speed thresholds;

(d) evidence, including a certification from the proposal signatory, demonstrating the unserved or underserved nature of the project area to the best of the provider's knowledge;

(e) the number of households, businesses, and public institutions or entities that would have new access to broadband service as a result of the proposal;

(f) the total cost of the proposed project and the timeframe in which it will be completed;

(g) the amount of matching funds, including funds from local or tribal governments, and except for federal funds designated for broadband deployment, the eligible provider proposes to contribute and a certification that no portion of the provider's matching funds are derived from any federal or state grant program; and

(h) a preliminary list of all government authorizations, permits, and other approvals required in connection with the proposed deployment, and an estimated timetable for the acquisition of the approvals and the completion of the proposed project.

HOUSE JOURNAL
SEVENTY-SEVENTH LEGISLATIVE DAY - APRIL 26, 2021

(3) The department shall treat any information that is not publicly available as confidential and subject to the trade secrets protections of state law upon an eligible provider's request for confidential treatment, except that shapefile information depicting broadband coverage must be publicly disclosed in sufficient detail to enable a challenging provider to identify the area covered by the provider."

Insert: "NEW SECTION. Section 7. Review of proposal challenges -- approval. (1) Five business days following the closing of the submission window, the department shall make the proposals received available for review in a publicly available electronic file, subject to the confidentiality provisions of [section 6(3)].

(2) A broadband service provider that has timely submitted a proposal may submit to the department, within 30 days of the release of the proposals received, a written challenge to the proposals. The challenge must also include a new proposal that identifies improvements or increases in broadband speed, lower cost, area coverage, or completion date relative to the submitted proposals. Final response to challenges will be provided within 15 days of receipt of challenge for the purpose of expediting awarded projects or modifications accepted through the challenge process. This challenge may include:

(a) information irrefutably disputing a provider's certification that a proposed project area is an unserved or an underserved area supported by the department's verified independent analysis and testing;

(b) that no federal funding has been awarded to support the specific deployment proposed in the response pursuant to [section 5(1)]; and

(c) evidence of broadband service infrastructure meeting or exceeding minimum standards for competitive proposals in the project area under challenge.

(3) Public shapefile data that includes the project area created under the FCC's rules for shapefiles must constitute evidence of broadband service infrastructure sufficient to show that a challenged project area is served completely beyond minimum standards.

(4) In reviewing proposals and any accompanying challenge, the department shall conduct its own review of the proposed project areas to ensure that all awarded funds are used to deploy broadband service infrastructure to unserved or underserved areas. The department may require a provider or challenging provider to submit additional information consistent with [section 1 through 9] to enable it to properly assess the proposal or challenge. The department may not award a contract to fund deployment of broadband service infrastructure for a project area that fails to meet any of the criteria provided in [sections 1 through 9] for being an unserved or underserved area. The department may require a provider to modify a proposal based on broadband access in the proposed area or other relevant factors.

(5) The department shall award funding support for projects set forth in responsive proposals based on a scoring system that must be released to the public at least 30 days prior to the window for submission of proposals. The weighting scheme employed by the department must give the highest weight or priority to the following specific criteria:

(a) the amount of funds a local government and/or school district is contributing to the project relative to the amount of federal funds received by that local government and/or school district from the American Rescue Plan Act of 2021;

(b) whether the proposed project area is a frontier, unserved, or underserved area, with frontier and unserved areas receiving greater weight;

(c) the size and scope of the frontier, unserved, or underserved area proposed to be served;

HOUSE JOURNAL
SEVENTY-SEVENTH LEGISLATIVE DAY - APRIL 26, 2021

(d) the experience, technical ability, and financial soundness of the eligible provider in successfully deploying and providing broadband service;

(e) the length of time the provider has been providing broadband service in the state;

(f) the extent to which government funding support is necessary to deploy broadband service infrastructure in the proposed project area;

(g) the size and proportion of the matching funds proposed to be committed by the provider;

(h) the service speed thresholds proposed in the proposal and the scalability of the broadband service infrastructure proposed to be deployed with higher speed thresholds receiving greater weight;

(i) the provider's ability to leverage its own nearby or adjacent broadband service infrastructure to facilitate the cost-effective deployment of broadband service infrastructure in the proposed project area;

(j) the extent to which the project does not duplicate any existing broadband service infrastructure in the proposed project area;

(k) the estimated time in which the provider proposes to complete the proposed project;

(l) the number of Montana jobs the provider proposes to create or maintain relative to the population of the region where service is proposed; and

(m) any other factors the department determines to be reasonable and appropriate, consistent with the purpose of facilitating the economic deployment of broadband service infrastructure to unserved or underserved areas.

(6) Frontier areas will be considered for services to the extent terrestrial service is economically viable.

(7) The department shall set a reasonable timeframe to complete projects selected for funding approval. The department may, in consultation with the provider, set reasonable milestones regarding this completion. The department shall create procedures including penalties associated with any failure to comply with the provisions of the awarded contract without reasonable cause."

Insert: "NEW SECTION. Section 8. Implementation. (1) Consistent with the provisions of [sections 1 through 9], the department shall define criteria and implementation processes to ensure that project funds are used as intended.

(2) This section may not be construed to preclude the department from considering a provider's financial ability to complete the project proposed in a proposal or making reasonable requests for information necessary for the oversight and administration of projects funded under this section.

(3) This section may not be construed to empower the department to adopt any additional regulatory obligations or to impose any new or additional regulatory requirements on funding recipients, through proposal agreements or any other mechanism, other than the program implementation procedures expressly authorized in [section 1 through 9]."

HOUSE JOURNAL
SEVENTY-EIGHTH LEGISLATIVE DAY - APRIL 27, 2021

"75-10-711. Remedial action -- orders -- penalties -- judicial proceedings. (1) The department may take remedial action whenever:

- (a) there has been a release or there is a substantial threat of a release into the environment that may present an imminent and substantial endangerment to the public health, safety, or welfare or to the environment; and
 - (b) none of the persons who are liable or potentially liable under 75-10-715(1) and who have been given the opportunity by letter to properly and expeditiously perform the appropriate remedial action will properly and expeditiously perform the appropriate remedial action. Any person liable under 75-10-715(1) shall take immediate action to contain, remove, and abate the release.
- (2) Whenever the department is authorized to act pursuant to subsection (1) or has reason to believe that a release has occurred or is about to occur, the department may undertake remedial action in the form of any investigation, monitoring, survey, testing, or other information gathering as authorized by 75-10-707 that is necessary and appropriate to identify the existence, nature, origin, and extent of the release or the threat of release and the extent and imminence of the danger to the public health, safety, or welfare or to the environment.
- (3) Except as provided in 75-10-712, the department is authorized to draw on the fund to take action under subsection (1) if it has made diligent good faith efforts to determine the identity of the person or persons liable for the release or threatened release and:
- (a) is unable to determine the identity of the liable person or persons in a manner consistent with the need to take timely remedial action; or
 - (b) a person or persons determined by the department to be liable or potentially liable under 75-10-715(1) have been informed in writing of the department's determination and have been requested by the department to take appropriate remedial action but are unable or unwilling to take action in a timely manner; and
 - (c) the written notice informs the person that if subsequently found liable pursuant to 75-10-715(1), the person may be required to reimburse the fund for the state's remedial action costs and may be subject to penalties pursuant to this part.
- (4) Whenever the department is authorized to act pursuant to subsection (1), it may issue to any person liable under 75-10-715(1) cease and desist, remedial, or other orders as may be necessary or appropriate to protect the public health, safety, or welfare or the environment.
- (5) (a) A person who violates or fails to comply with or refuses to comply with an order issued under 75-10-707 or this section may, in an action brought to enforce the order, be assessed a civil penalty of not more than \$10,000 for each day in which a violation occurs or a failure or refusal to comply continues. In determining the amount of any penalty assessed, the court may take into account:
- (i) the nature, circumstances, extent, and gravity of the noncompliance;
 - (ii) with respect to the person liable under 75-10-715(1):
 - (A) the person's ability to pay;
 - (B) any prior history of violations;
 - (C) the degree of culpability; and
 - (D) the economic benefit or savings, if any, resulting from the noncompliance; and
 - (iii) any other matters as justice may require.

quality protection fund established in 75-10-704.

- (6) A court has jurisdiction to review an order issued under 75-10-707 or this section only in the following actions:
- (a) an action under 75-10-715 to recover remedial action costs or penalties or for contribution;
 - (b) an action to enforce an order issued under 75-10-707 or this section;
 - (c) an action to recover a civil penalty for violation of or failure or refusal to comply with an order issued under 75-10-707 or this section; or
 - (d) an action by a person to whom an order has been issued to determine the validity of the order, only if the person has been in compliance and continues in compliance with the order pending a decision of the court.
- (7) In considering objections raised in a judicial action regarding orders issued under this part, the court shall uphold and enforce an order issued by the department unless the objecting party can demonstrate, on the administrative record, that the department's decision to issue the order was arbitrary and capricious or otherwise not in accordance with law.
- (8) Instead of issuing a notification or an order under this section, the department may bring an action for legal or equitable relief in the district court of the county where the release or threatened release occurred or in the first judicial district as may be necessary to abate any imminent and substantial endangerment to the public health, safety, or welfare or to the environment resulting from the release or threatened release.
- (9) A person who is not subject to an administrative or judicial order may not conduct any remedial action at any facility that is subject to an administrative or judicial order issued pursuant to this part without the written permission of the department. If a state or federal administrative or judicial order is issued relative to a facility, the order and any remedial activity conducted pursuant to the order may be admissible in a civil action pertaining to the facility or property adjacent to or allegedly impacted by the facility provided that the reviewing court in its discretion determines the order to be relevant and ~~more probative than prejudicial~~ the probative value is not substantially outweighed by the danger of unfair prejudice. Admission of this evidence does not make the department a necessary party to the action. Remedial action performed in accordance with this part is intended to provide for the protection of the environmental life support system from degradation and to prevent unreasonable depletion and degradation of natural resources.
- (10) The department may take remedial action pursuant to subsection (1) at a site that is regulated under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510, if the department determines that remedial action is necessary to carry out the purposes of this part.
- (11) The department may take remedial action as provided for in 75-10-743(12)."

(a) The districts must be as equal as practicable, meaning to the greatest extent possible, within a plus or minus 1% relative deviation from the ideal population of a district as calculated from information provided by the federal decennial census. The relative deviation may be exceeded only when necessary to keep political subdivisions intact or to comply with the Voting Rights Act.

A district may not have an average length greater than three times the average width unless necessary to comply with the Voting Rights Act.
- (3) A district may not be drawn for the purposes of favoring a political party or an incumbent legislator or member of congress. The following data or information may not be considered in the development of a plan:
 - (a) addresses of incumbent legislators or members of congress;
 - (b) political affiliations of registered voters;
 - (c) partisan political voter lists; or
 - (d) previous election results, unless required as a remedy by a court.
- (4) In the development of congressional districts and under the authority granted to the legislature by Article I, section 4, of the United States constitution, a congressional districting plan is subject to the Voting Rights Act and must comply with the following criteria, in order of importance:

MESSAGES FROM THE GOVERNOR

April 28, 2021

The Honorable Wylie Galt
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Mark Blasdel
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Galt and President Blasdel:

When any Montanan is convicted and incarcerated for a crime he or she didn't commit, that individual deserves redress and compensation. We owe it to wrongfully convicted individuals to help them make their lives whole. I appreciate the Legislature's efforts to help impacted individuals right this wrong, and I believe this important bill can be improved.

HOUSE JOURNAL
SEVENTY-NINTH LEGISLATIVE DAY - APRIL 28, 2021

Therefore, in accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments **House Bill 92**: "AN ACT PROVIDING COMPENSATION FOR PEOPLE WHO HAVE BEEN WRONGLY CONVICTED OF FELONY CRIMES AND EXONERATED; PROVIDING A PROCEDURE FOR FILING AND DETERMINING PETITIONS FOR COMPENSATION; PROVIDING FOR EXPUNGEMENT OF CONVICTION AND THE PAYMENT OF DAMAGES FOR SUCCESSFUL PETITIONS; PROVIDING OFFSETS FOR DAMAGES OBTAINED IN OTHER LITIGATION; CREATING A STATE SPECIAL REVENUE ACCOUNT; PROVIDING A TRANSFER; PROVIDING AN APPROPRIATION; AMENDING SECTION 46-23-1041, MCA; AND PROVIDING AN EFFECTIVE DATE."

I support the twofold purpose of HB 92. First, we must resolve the harm done to persons who were wrongfully convicted and imprisoned. Second, we must protect Montana taxpayers from paying millions of dollars in damages.

Protecting taxpayers, however, is not achieved if a claimant can obtain damages under HB 92 and also file a lawsuit against the state, its political subdivisions, and their officers, employees, or agents.

To protect taxpayers, the state should provide an exclusive remedy to wrongfully convicted individuals - either obtain compensation under HB 92 or take legal action against the state. A person should not be able to force the state and local government to pay to defend the case twice and recover damages more than once for the same injuries or losses arising from the same conduct or wrong.

If a claimant elects to file a claim for compensation under HB 92, the amendatory language requires a claimant to affirmatively waive all other remedies and claims. Under the amendatory language, a claimant must also provide a written release of all claims against the state, its political subdivisions, and their officers, employees, agents, and volunteers arising from the same facts. If the waiver or release is held invalid in whole or in part, the amendatory language provides for an offset of the amounts payable to a claimant under HB 92 of any amounts previously or subsequently awarded to the claimant in a lawsuit.

Historically, counties have been liable for approximately 77% of the damages paid to those wrongfully convicted, and the state has been liable for approximately 23%. Rather than have the state assume all of these costs, as is provided in HB 92, the amendatory language keeps responsibility for the costs with each responsible party. Our law places financial and legal responsibility for harm on the party best able to keep it from happening again. The amendatory language keeps financial responsibility for the cost on the state and individual county where the case arose.

Finally, since this is a new program, the next legislature should review it to ensure it should be continued or revised. The amendatory language terminates the program at the end of the next biennium if the next legislature decides to take no action.

HOUSE JOURNAL
SEVENTY-NINTH LEGISLATIVE DAY - APRIL 28, 2021

Again, I appreciate your efforts to ensure we compensate Montanans who are wrongfully convicted and imprisoned for crimes they didn't commit. As a society, it is the right thing to do, and I respectfully ask for your support of this amendment.

Sincerely,

GREG GIANFORTE
Governor

HOUSE JOURNAL
SEVENTY-NINTH LEGISLATIVE DAY - APRIL 28, 2021

April 28, 2021

The Honorable Wylie Galt
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Mark Blasdel
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Galt and President Blasdel:

Montana faces a tragic crisis of child abuse and neglect. The safety, health, and well-being of our children and Montana's future require us to address it. I appreciate the Legislature's efforts to protect Montana's vulnerable children with **House Bill 459**, and I strongly support the measure. I believe this bill can be improved to ensure the responsibilities of protecting children and improving our child welfare system are housed where the greatest impact can be made.

Therefore, in accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 459, "AN ACT GENERALLY REVISING LAWS RELATED TO PROVIDING FOR CERTIFICATION OF CHILD PROTECTION SPECIALISTS INVESTIGATING MATTERS OF SUSPECTED CHILD ABUSE, NEGLECT, OR ENDANGERMENT; PROVIDING IMPLEMENTATION INSTRUCTIONS; PROVIDING RULEMAKING AUTHORITY; PROVIDING DEFINITIONS; AND AMENDING SECTIONS 37-22-201, 41-3-102, 41-3-108, 41-3-201, 41-3-202, 41-3-205, 41-3-301, 41-3-427, AND 41-3-445, MCA."

HB 459 has my strong endorsement and improves Montana's child welfare system. Like you, I'm unsettled by the number of preventable child fatalities that our state has experienced in recent years. No child should face abuse and neglect, and certainly no child should die because of it. This is especially true for vulnerable Montana kids who tragically are already known to our child welfare system. They must be protected. Together, we share this commitment, and my administration will continue to take steps to reassess our framework for detecting and preventing child abuse, neglect, abandonment, and fatalities.

I remain encouraged by our Legislature's dedication to exploring and offering meaningful child welfare reforms. By providing for the ongoing certification, training, and continuing education of frontline child protection specialists, HB 459 ensures this critical workforce considers current trends, research, and developments in the law, as well as applying evidence-based or evidence-informed practices when making grave decisions regarding the welfare of a child.

Representative Lenz and I agree the Department of Public Health and Human Services (DPHHS) is best suited to establish and oversee child protection specialist certification, training, and continuing education. The proposed amendment, which the sponsor supports, allows for

HOUSE JOURNAL
SEVENTY-NINTH LEGISLATIVE DAY - APRIL 28, 2021

lasting improvements to Montana's child welfare system by shifting responsibility for such activities from the Board of Behavioral Health to DPHHS, where it truly belongs.

For these reasons, I respectfully ask for your support of this amendment.

Sincerely,

GREG GIANFORTE
Governor

MESSAGES FROM THE GOVERNOR

April 28, 2021

The Honorable Wylie Galt
Speaker of the House
State Capitol
Helena, Montana 59620

The Honorable Mark Blasdel
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Galt and President Blasdel:

"Vaccine passports" undermine individual liberty and threaten personal privacy, tenets Montanans hold dear. No person should be compelled to involuntarily divulge their personal health information as a condition of participating in everyday life, and so-called vaccine passports are one step down a dangerous path that erodes personal privacy. "Vaccine passports" are steeped in discrimination and have no place in our state.

I appreciate the Legislature's work to prohibit "vaccine passports" in Montana with House Bill 702, and I support the sponsor's efforts and intent. However, I believe this measure can be strengthened.

Therefore, in accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments House Bill 702: "A BILL FOR AN ACT ENTITLED: "AN ACT PROHIBITING DISCRIMINATION BASED ON A PERSON'S VACCINATION STATUS OR POSSESSION OF AN IMMUNITY PASSPORT; PROVIDING AN EXCEPTION; PROVIDING AN APPROPRIATION ; AND PROVIDING EFFECTIVE DATES.

"In line with Executive Order 7-2021, I firmly believe that "vaccine passports," or any documentation related to an individual's vaccination status, are an unwarranted infringement on our liberties.

Many Montanans have deeply held religious reasons for not obtaining a vaccine. Others have health conditions that prohibit them from getting one. Ultimately, the decision to receive a vaccine is voluntary, and Montanans should not face the threat of discrimination rooted in whether they decide to receive a vaccine. Furthermore, employers must not discriminate or take punitive action against employees who opt out of immunizations, but instead should work to

HOUSE JOURNAL
SEVENTY-NINTH LEGISLATIVE DAY - APRIL 28, 2021

provide well established, reasonable accommodations that protect the health and safety of all involved.

For these reasons, I am pleased to offer an amendment that strengthens HB 702 and promotes its proper enactment. Specifically, my amendment clarifies that an employer may ask an employee to volunteer their vaccination or immunization status under certain circumstances.

My amendment also makes clear that an employer's implementation of reasonable accommodation measures for persons who are not vaccinated or not immune to protect the safety and health of employees, customers, patients, visitors, and other persons from communicable diseases is not unlawful discrimination.

Additionally, my amendment would ensure that provisions of HB 702 do not put licensed nursing homes, long-term care facilities, or assisted living facilities in violation of regulations or guidance issued by the U.S. Centers for Medicare and Medicaid Services.

This is an important bill that can be reinforced to further protect Montanans, and I respectfully ask for your support of this amendment.

Sincerely,

GREG GIANFORTE
Governor

The Montana medicaid program is a joint federal-state program administered under this chapter and in accordance with Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq. The department shall administer the Montana medicaid program.

- (a) protecting those persons who are most vulnerable and most in need, as defined by a combination of economic, social, and medical circumstances;
- (b) giving preference to the elimination or restoration of an entire medicaid program or service, rather than sacrifice or augment the quality of care for several programs or services through dilution of funding; and
- (c) giving priority to services that employ the science of prevention to reduce disability and illness, services that treat life-threatening conditions, and services that support independent or assisted living, including pain management, to reduce the need for acute inpatient or residential care.

(3) Medical assistance provided by the Montana medicaid program includes the following services:

- (c) other laboratory and x-ray services, including minimum mammography examination as defined in 33-22-132;

- (o) services provided by a person certified in accordance with 37-2-318 to provide services in accordance with the Indian Health Care Improvement Act, 25 U.S.C. 1601, et seq.
- (4) Medical assistance provided by the Montana medicaid program may, as provided by department rule, also include the following services:
 - (a) medical care or any other type of remedial care recognized under state law, furnished by licensed practitioners within the scope of their practice as defined by state law;

 - (l) services of professional counselors licensed under Title 37, chapter 23;
 - (m) hospice care, as defined in 42 U.S.C. 1396d(o);
 - (n) case management services, as provided in 42 U.S.C. 1396d(a) and 1396n(g), including targeted case management services for the mentally ill;
 - (o) services of psychologists licensed under Title 37, chapter 17;
 - (p) inpatient psychiatric services for persons under 21 years of age, as provided in 42 U.S.C. 1396d(h), in a residential treatment facility, as defined in 50-5-101, that is licensed in accordance with 50-5-201; (q) services of behavioral health peer support specialists certified under Title 37, chapter 38, provided to adults 18 years of age and older with a diagnosis of a mental disorder, as defined in 53-21-102; and
 - (r) any additional medical service or aid allowable under or provided by the federal Social Security Act.
- (5) Services for persons qualifying for medicaid under the medically needy category of assistance, as described in 53-6-131, may be more limited in amount, scope, and duration than services provided to others qualifying for assistance under the Montana medicaid program. The department is not required to provide all of the services listed in subsections (3) and (4) to persons qualifying for medicaid under the medically needy category of assistance.
- (6) In accordance with federal law or waivers of federal law that are granted by the secretary of the U.S. department of health and human services, the department may implement limited medicaid benefits, to be known as basic medicaid, for adult recipients who are eligible because they are receiving cash assistance, as defined in 53-4-201, as the specified caretaker relative of a dependent child and for all adult recipients of medical assistance only who are covered under a group related to a program providing cash assistance, as defined in 53-4-201. Basic medicaid benefits consist of all mandatory

services listed in subsection (3) but may include those optional services listed in subsections (4)(a) through (4)(r) that the department in its discretion specifies by rule. The department, in exercising its discretion, may consider the amount of funds appropriated by the legislature, whether approval has been received, as provided in 53-1-612, and whether the provision of a particular service is commonly covered by private health insurance plans. However, a recipient who is pregnant, meets the criteria for disability provided in Title II of the Social Security Act, 42 U.S.C. 416, et seq., or is less than 21 years of age is entitled to full medicaid coverage.

- (7) The department may implement, as provided for in Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended, a program under medicaid for payment of medicare premiums, deductibles, and coinsurance for persons not otherwise eligible for medicaid.
- (8) (a) The department may set rates for medical and other services provided to recipients of medicaid and may enter into contracts for delivery of services to individual recipients or groups of recipients.
- (b) The department shall strive to close gaps in services provided to individuals suffering from mental illness and co-occurring disorders by doing the following:
 - (i) simplifying administrative rules, payment methods, and contracting processes for providing services to individuals of different ages, diagnoses, and treatments. Any adjustments to payments must be cost-neutral for the biennium beginning July 1, 2017.
 - (ii) publishing a report on an annual basis that describes the process that a mental health center or chemical dependency facility, as those terms are defined in 50-5-101, must utilize in order to receive payment from Montana medicaid for services provided to individuals of different ages, diagnoses, and treatments.
- (9) The services provided under this part may be only those that are medically necessary and that are the most efficient and cost-effective.
- (10) (a) The amount, scope, and duration of services provided under this part must be determined by the department in accordance with Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended.
- (b) The department shall, with reasonable promptness, provide access to all medically necessary services prescribed under the early and periodic screening, diagnosis, and treatment benefit, including access to prescription drugs and durable medical equipment for which the department has not negotiated a rebate.
- (11) Services, procedures, and items of an experimental or cosmetic nature may not be provided.
- (12) (a) Prior to enacting changes to provider rates, medicaid waivers, or the medicaid state plan, the department shall report the information to:
 - (i) the children, families, health, and human services interim committee; and
 - (ii) the legislative finance committee.
- (b) In its report to the committees, the department shall provide an explanation for the proposed changes and an estimated budget impact to the department over the next 4 fiscal years.

HOUSE JOURNAL
EIGHTIETH LEGISLATIVE DAY - APRIL 29, 2021

Dear Speaker Galt and President Blasdel:

The last year has brought serious challenges to Montanans, and we have responded as Montanans do, neighbors helping neighbors. No Montanan has been untouched by the pandemic, whether risks to their health or threats to their livelihood with government-mandated shutdowns and regulations.

Facing uncharted territory with a new virus we didn't understand, our local health officials responded as best they could, particularly in the early days of the pandemic when there was great uncertainty. They have promoted the safety, health, and well-being of residents in our communities. Because of their success, many operated largely anonymously until the pandemic struck. I am grateful to them for their efforts before and during this pandemic.

There are, however, isolated examples of officials who have overreached. We saw it in the Flathead, after the previous administration sought to shut down local businesses for allegedly violating state mask mandates. The judge in the case ruled against the state, saying it didn't have enough evidence and that the businesses made reasonable efforts. The previous administration overstepped its bounds. That's why my administration sought to end the litigation and reached settlement agreements with these businesses.

Like you, I understand the frustration small business owners have in response to isolated instances like this. Just as my administration settled with the businesses in the Flathead, the Legislature has responded with a series of bills that put guardrails on the response of local public health officials. I signed House Bill 121 into law, because it provides greater accountability by empowering local elected officials with greater oversight of local public health actions.

Another measure, House Bill 257, has the best intentions to address overreach as we have seen in a few isolated cases, and I want to fully support it. As drafted I cannot support it. However, with amendments that protect taxpayers from costly lawsuits and clarify that provisions of the bill do not restrict public health officials from enforcing all lawfully adopted regulations, directives, and orders, I will support it and sign it into law.

Therefore, in accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby return with amendments **House Bill 257**: "AN ACT GENERALLY REVISING LAWS RELATED TO PROHIBITING ACTIONS THAT IMPEDE A PRIVATE BUSINESS'S ABILITY TO CONDUCT BUSINESS; PROHIBITING CERTAIN TYPES OF LOCAL GOVERNMENT ORDINANCES AND RESOLUTIONS; PROHIBITING AN EMERGENCY PLAN OR PROGRAM THAT RESTRICTS THE ABILITY OF A PRIVATE BUSINESS TO CONDUCT BUSINESS; PROHIBITING A LOCAL BOARD OF HEALTH AND LOCAL HEALTH OFFICER FROM CERTAIN ACTIONS THAT RESTRICT THE ABILITY OF A PRIVATE BUSINESS TO CONDUCT BUSINESS; AMENDING SECTIONS 7-1-111, 7-1-2103, 7-1-4124, 7-5-103, 7-5-121, 7-5-4201, 10-3-301, 50-2-116, 50-2-118, 50-2-123, AND 50-2-124, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE."

HOUSE JOURNAL
EIGHTIETH LEGISLATIVE DAY - APRIL 29, 2021

HB 257 is worthwhile legislation that would gain my full support if amended. Specifically, I believe that the bill must be adjusted to better reflect the sponsor's true intent and address valid concerns regarding its implementation. After reaching an agreement in principle late yesterday with the bill's sponsor, my team and I worked diligently through the night to strengthen and improve the legislation.

It's critical that we continue to safely reopen Montana and get back to a normal life. Despite Montanans' resiliency in the face of adversity, the pandemic has burdened our people, health care systems, and businesses. At the outset of the pandemic, our local public health officials reacted swiftly to safeguard Montana's communities. I'm grateful for their dedicated response and recognize that many local public health decisions have been instrumental to our successful fight against the virus.

It's also critical that we avoid fundamentally reshaping Montana's local public health system as a consequence of actions taken in response to the current pandemic - but rather consider proposals that address the ongoing issues created by "one size fits all" regulations, orders, directives, or mandates while allowing local public health officials to do their jobs. Although it may not be evidenced in the sponsor's bill as currently drafted, I am confident that Representative Hinkle shares this intent for HB 257.

Accordingly, my amendments clarify that provisions of HB 257 do not restrict local boards of health and local health officers from enforcing and ensuring compliance by private businesses with all lawfully adopted regulations, directives, and orders - including those related to routine activities such as restaurant safety inspections. The amendments are also designed to prevent an onslaught of costly litigation associated with retroactive applicability against the State of Montana.

For these reasons, I respectfully ask for your support of this amendment.

Finally, as we prepare to gavel out, I want to let you know I appreciate working with the Legislature on efforts to get our economy going again, return to normal, and end government overreach. Together, we have ended the statewide mask mandate. We have protected businesses from frivolous lawsuits related to the pandemic. We have ended arbitrary restrictions on businesses, like limits on hours of operation and capacity limits. We have increased local elected officials' oversight of public health actions in their communities. We have prohibited so-called vaccine passports in Montana and prevented discrimination against those who choose not to receive a vaccine.

I am grateful to work together with you to rein in government overreach, and I look forward to continuing to work with you during the interim.

Sincerely,

GREG GIANFORTE
Governor

Speaker of the House

The Honorable Mark Blasdel
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Galt and President Blasdel:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 624, "AN ACT ESTABLISHING THE BUSINESS TASK FORCE ON CHILD CARE; ESTABLISHING MEMBERSHIP; ESTABLISHING DUTIES; REQUIRING A REPORT; ESTABLISHING A SPECIAL REVENUE ACCOUNT; PROVIDING AN APPROPRIATION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE".

HB 624 directs the Department of Labor and Industry (DLI) to convene and facilitate a business task force on child care to examine the effects of child care affordability and accessibility on the workforce and Montana businesses. This task force would be funded by a special revenue account consisting of grants, gifts, and donations from public and private sources, and be required to develop and submit a report of its finding and recommendations to the governor and the legislature.

Our state has long faced unique child care challenges, and my administration is acutely aware of the toll that inadequate child care takes on Montana families and our economy. As we continue to recover from the COVID-19 pandemic and incentivize Montanans to return to work, the need for child care reforms and supports could not be greater - which is why I have already directed members of my cabinet to strategize and collaborate with those most impacted by our

HOUSE JOURNAL
ADDENDUM
67TH LEGISLATURE

child care gap to proactively build a system that works for our families and businesses.

Montana has never had more resources available to increase access to and invest in child care, ultimately reducing a major barrier to workforce reentry. Currently, the state is using federal Coronavirus Aid, Relief, and Economic Security Act (CARES), CARES II, and American Rescue Plan Act (ARPA) resources to continue funding child care for essential workers and to provide business stabilization funding to child care providers so that they can return to full operations. Furthermore, my administration will continue to work in partnership with the legislature to ensure that certain ARPA funds are prioritized in child care deserts for one-time equipment and necessary infrastructure, property improvements, worksite child care, licensing costs, and employee training and professional development.

The legislature and I have a tremendous opportunity to increase access to adequate and affordable child care in Montana. Rather than confirm through further study the flaws within Montana's child care system and the failures of past administrations to remedy these flaws, we must act now. I look forward to joining forces with the sponsor to meet the intent of her legislation.

For these reasons, I veto HB 624.

Sincerely,

GREG GIANFORTE
Governor

The Honorable Mark Blasdel
President of the Senate
State Capitol
Helena, Montana 59620

Dear Speaker Galt and President Blasdel:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 158, "AN ACT CREATING A COVID-19 RESPONSE STUDY COMMISSION; ESTABLISHING THE MEMBERSHIP, DUTIES, AND REPORTING REQUIREMENTS OF THE COMMISSION; PROVIDING AN APPROPRIATION; PROVIDING FOR CONTINGENT VOIDNESS; AND PROVIDING EFFECTIVE DATES AND A TERMINATION DATE."

HB 158 authorizes the establishment of a COVID-19 Response Study Commission tasked with reviewing all statutes, administrative rules, and other regulations suspended or revised during the pandemic, as well as assessing whether these suspensions or revisions proved beneficial to Montana and its citizens. The bill also appropriates \$50,000 from the general fund for purposes of launching and running the commission.

As Montanans continue to confront the pandemic, the light at the end of the tunnel gets brighter and brighter. My administration is already conducting a top-to-bottom regulatory review of state agencies through our Red Tape Relief Task Force. While I appreciate the sponsor sharing my goal of identifying and eliminating excessive, outdated, and unnecessary regulations, I see no reason to form a pandemic-specific study commission and look backwards. I encourage Rep. Hinkle to partner with us as we continue our existing initiative to streamline government in the interest of all Montanans.

Dear Speaker Galt and President Blasdel:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 235, "AN ACT GENERALLY REVISING SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM LAWS; CREATING THE NUTRITION INCENTIVES PROGRAM FOR SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM PARTICIPANTS TO BUY ELIGIBLE FRUITS AND VEGETABLES; UPDATING TERMINOLOGY TO MATCH FEDERAL ASSISTANCE PROGRAM LANGUAGE; PROVIDING AN APPROPRIATION; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 39-51-403, 39-51-2208, 39-71-118, 40-4-215, 45-6-312, 50-49-103, 53-2-108, 53-2-201, 53-2-211, 53-2-606, 53-2-901, 53-2-902, 53-2-903, 53-3-115, AND 53-4-717, MCA; REPEALING SECTION 53-2-904, MCA; AND PROVIDING AN EFFECTIVE DATE".

HB 235 appropriates \$95,000 to establish a new state-administered nutrition incentive grant program to increase the purchasing power of Supplemental Nutrition Assistance Program (SNAP) beneficiaries with limited access to fresh fruits and vegetables. Also known as "Double SNAP," this program would provide another means for Montanans to get a 1:1 dollar match for SNAP spending at participating organizations that sell healthy, local food. For example, an individual that spends \$5 on SNAP-eligible foods at a participating farmer's market would receive another \$5 to purchase more fruits and vegetables.

HOUSE JOURNAL
ADDENDUM
67TH LEGISLATURE

While I support the intent of the sponsor's legislation to promote the purchase of nutritious foods, HB 235 would effectively duplicate existing federal initiatives at the expense of the Montana taxpayer. The U.S. Department of Agriculture (USDA), which oversees SNAP, has a well- established nutrition incentive program from which Montana and our SNAP participants already benefit. At my direction, both the Department of Agriculture and the Department of Public Health and Human Services will continue work with our federal partners to ensure that Montana's existing Double SNAP program is operating at maximum efficiency and leveraging all existing federal tools and resources.

Furthermore, as we determine how to best allocate federal American Rescue Plan Act (ARPA) dollars, my administration and the legislature have an opportunity to reevaluate our SNAP program and consider reforms, including initiatives that encourage beneficiaries to use SNAP dollars on fresh fruits and vegetables. The federal government has made substantial investments in our nutrition assistance programs over the course of the pandemic, and ARPA appropriated approximately \$11 million to support Montana's SNAP system. USDA also made an additional \$75 million available to nutrition incentive program grantees. I urge beneficiaries to purchase healthier foods, including fresh Montana produce, which they can already do with this funding.

For these reasons, I veto HB 235.

Sincerely,

GREG GIANFORTE

Dear Speaker Galt and President Blasdel:

HOUSE JOURNAL
ADDENDUM
67TH LEGISLATURE

In accordance with the power vested in me as the Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 277 "AN ACT GENERALLY REVISING LAWS RELATED TO PROVIDING FOR A STRATEGIC PLANNING PROCESS FOR CERTAIN GOVERNMENTAL ENTITIES; REQUIRING DEPARTMENTS TO PRODUCE STRATEGIC PLANS AND ANNUAL PERFORMANCE REPORTS; PROVIDING FOR CERTAIN PUBLIC COMMENT PROVISIONS; LIMITING JUDICIAL REVIEW; REQUIRING THAT ONLY EXISTING RESOURCES MAY BE USED; PROVIDING DEFINITIONS; AMENDING SECTION 2-4-102, MCA; REPEALING SECTIONS 2-15-2221, 2-15-2222, 2-15-2223, 2-15-2224, 2-15-2225, AND 2-15-2226, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE."

I support the goal of HB 277 to try to improve the performance of state government. Accountability, efficient performance and good customer service are goals that I ran on and am committed to achieving by bringing tried and true private sector processes to state government.

However, HB 277 would impose another bureaucratic process on state agencies that would: create more administrative work; add costs; in part, duplicate processes I am already implementing; result in a rigid, three-year plan that does not coincide with the two and four-year strategic planning cycles of the legislature and the governor's office, and not provide for nimble adjustments (that are now common in private sector planning) to changing circumstances.

HB 277 would require state agencies to go through both an employee comment process and a formal public comment process to produce three-year formal strategic plans, performance measures, and annual performance reports. Three years is neither tied to the two-year legislative session cycle nor the gubernatorial election cycle, diminishing its relevance as legislative and gubernatorial elections occur and priorities change.

In addition, the day after I took the oath of office, I issued Executive Order 1-2021 creating the Red Tape Relief Advisory Council to conduct a comprehensive, top-to-bottom review of regulations in every state agency. Burdensome, unnecessary red tape ties up our small businesses, farms, and ranches. These regulations cost time and money. Ultimately, Montana consumers bear the burden with higher prices on goods and services, and the biggest burden falls on low and middle-income Montanans who are trying to make ends meet. To make Montana more competitive, we need to get a better handle on our regulatory scheme, and it's one of my top priorities. The council I have established will leave no stone unturned as they identify excessive, outdated, and unnecessary regulations, and will seek input from the Legislature, Montana citizens, business owners, and other appropriate stakeholders. Contrary to the work of the Council, HB 277 will add more bureaucratic burden on state agencies.

Given the steps I am taking to make government more accountable, efficient, and customer service oriented, HB 277 would distract the same key agency leaders from taking these steps and divert their time and resources to "check the boxes" required by HB 277 to produce a

HOUSE JOURNAL
ADDENDUM

three-year document that may be infrequently used, especially after the next election. Although its goal is to improve performance, ironically, HB 277 would also cause more bureaucracy and cost to implement. HB 277 has a fairly significant fiscal impact and would cause work that will be, in part, redundant to work already being done, and of diminishing value as elections occur and goals evolve with new officials and changing circumstances in Montana. The executive branch needs a more flexible planning and measurement process than a rigid three-year process with taxpayers footing the bill.

The intent of HB 277 is laudable, but my administration is already strongly committed to using more nimble processes, rooted in the private sector, to transform how state government conducts its business for the benefit of the people of Montana.

For these reasons, I am vetoing HB 277.

Sincerely,

GREG GIANFORTE
Governor

Dear Speaker Galt and President Blasdel:

In accordance with the power vested in me as the Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 397 "AN ACT PROVIDING FOR WORKFORCE HOUSING TAX CREDITS; PROVIDING THAT THE CREDITS MAY BE TAKEN AGAINST THE INCOME TAX OR INSURANCE PREMIUM TAXES; AMENDING SECTION 15-30-2303, MCA; AND PROVIDING AN APPLICABILITY DATE AND A TERMINATION DATE."

Considering current and ongoing federal funding for affordable housing development and rental assistance, HB 397 is unnecessary legislation that would have an unjustified long-term fiscal

HOUSE JOURNAL
ADDENDUM
67TH LEGISLATURE

impact on the state of Montana. Montana already receives federal tax credit allocations of \$3.2 million annually through the U.S. Housing and Urban Development's Low-Income Housing Tax Credit (LIHTC) program. The latest data from the Montana Board of Housing shows that 238 projects have received a total of \$622 million in federal tax credit allocations since 1990. Montana also receives about \$53 million annually in Section 8 funding to help low-income Montanans with rental assistance - an amount which does not include additional CARES Act funding.

As passed, HB 397 would cost \$45 million for the state credits obligated from 2022 to 2026. But there is more to the fiscal picture than meets the eye. This bill ties the Montana credits directly to the level of available federal housing credits. Several federal bills and other proposals like the American Jobs Plan would expand federal credits substantially. Specifically, S.98, the Neighborhood Homes Investment Act, would expand federal credits, if HB 397 were to become law, by an initial \$8 million per year every year for 5 years, resulting in a lifecycle cost of \$165 million to the state. A less expansive proposal, S. 1136, the Affordable Housing Credit Improvement Act, would raise the total cost in the same period to over \$80 million. The state credit's high and unconstrained linkage to the federal credit removes state control of the program's costs and poses an unanticipated risk to fiscal stability.

I believe the most effective way to address housing affordability challenges in our growing state is to reduce the panoply of regulations faced by housing development. That is why I have signed numerous bills that reform the subdivision and sanitation review process, in particular the expedited subdivision review established by SB 161. More needs to be done and I am committed to working with my agencies and stakeholders in the housing sector to identify additional ways to reduce regulatory burdens that drive up the cost of new housing development.

For these reasons, I am vetoing HB 397.

Sincerely,

GREG GIANFORTE

Dear Speaker Galt and President Blasdel:

In accordance with the power vested in me as the Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 522 "AN ACT ESTABLISHING A MILITARY STRATEGIC AND ECONOMIC IMPACT TASK FORCE CONCERNING RETENTION AND DEVELOPMENT OF MILITARY INSTALLATIONS AND FORCE STRUCTURES TO PROVIDE ECONOMIC DEVELOPMENT OPPORTUNITIES IN MONTANA; ALLOCATING THE TASK FORCE TO THE DEPARTMENT OF COMMERCE FOR ADMINISTRATIVE PURPOSES; PROVIDING FOR TASK FORCE MEMBERSHIP, EXPENSE REIMBURSEMENT, AND DUTIES; CREATING A STATE SPECIAL REVENUE ACCOUNT; PROVIDING AN APPROPRIATION; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE."

Montana plays a critical role in our national defense and the presence of military force structure in Montana provides a substantial economic benefit to our communities. I am impressed by the efforts of our military communities to preserve current military missions and attract new ones.

Unfortunately, I hesitate to support legislation that creates yet another task force that establishes a bureaucratic apparatus at considerable expense to taxpayers. Private organizations and other stakeholders have provided ample support for Montana's military missions around the state. They have done yeoman's work to ensure that our military missions have a promising future here.

This session, I have supported several bills to make Montana friendlier to military members and make Montana a more attractive location for future military missions. I pledge to be a partner to our military communities to help them preserve the missions they have and attract new ones.

For the reasons stated, I am vetoing HB 522.

Dear Speaker Galt and President Blasdel:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 688, "AN ACT PROVIDING FOR AN INTERIM STUDY OF WINEMAKING IN MONTANA; PROVIDING AN APPROPRIATION; PROVIDING AN EFFECTIVE DATE; AND PROVIDING A TERMINATION DATE."

HB 688 establishes a committee on Montana Viticulture with a member appointed by the Senate President, House Speaker, and Minority Leaders in each Chamber in consultation with the Presiding Officers of the Senate and House Agriculture Committees. The bill also appropriates \$25,000 from the general fund for purpose of running the Committee. The Committee is charged with examining wine production, marketing, and federal regulations impacting the viticulture industry in Montana and reporting the results to the 68th Legislature.

Montana's viticulture industry is vibrant and expanding. Our state produces some of the most unique and high-quality wines in the region, contributing to Montana's rich agriculture portfolio. While I support the bill's intent to grow Montana's viticulture industry, the technical note on the bill highlights the uncertainty of its implementation, reading, "The Division may not be able to absorb the research, legal, secretarial, and other support duties required to support this committee."

Given the uncertainty of the technical note and HB 688's cost to Montana taxpayers, I believe there are more effective and less expensive ways to accomplish our shared goal of expanding Montana's viticulture industry.

For these reasons, I veto HB 688.

Dear Speaker Galt:

In accordance with the power vested in me as Governor by the Constitution and the laws of the State of Montana, I hereby line-item veto the appropriation in House Bill 691 "AN ACT ESTABLISHING REQUIREMENTS FOR CRISIS RESPONSE SERVICES IN THE DEVELOPMENTAL DISABILITIES SYSTEM; PROVIDING DIRECTION TO THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES ON THE USE OF EXISTING FUNDING; PROVIDING RULEMAKING AUTHORITY; PROVIDING AN APPROPRIATION; AMENDING SECTION 53-20-204; AND PROVIDING AN EFFECTIVE DATE."

HB 691 seeks to establish response services to help individuals with developmental disabilities minimize or avoid instances of crisis. I support this policy. However, this bill provides a partial appropriation for its execution while failing to reduce the appropriation in HB 2 for the same purpose. This line-item veto of Section 3 ensures that funding is appropriated only once.

In particular, the appropriation and coordination language contained in Sections 3 and 6 in HB 691 was intended to coordinate with HB 2 and reduce HB 2 funding to the level needed to fund HB 691. During legislative executive action, the appropriation in Section 3 of HB 691 was amended multiple times, whereas the coordination language contained in Section 6 of HB 691 was not amended to coordinate properly with HB 2.

By this line-item veto of the appropriation contained in Section 3 of HB 691, the duplicate funding will be eliminated as resources exist in HB 2 for the Department of Public Health and Human Services to sufficiently fund the intent of HB 691.

Sincerely,

GREG GIANFORTE

Dear Speaker Galt and President Blasdel:

In accordance with the power vested in me as the Governor by the Constitution and the laws of the State of Montana, I hereby veto House Bill 188 "AN ACT GENERALLY REVISING ELECTRIC VEHICLE LAWS; DEFINING ELECTRIC VEHICLE; PROVIDING FOR AN ANNUAL FEE ON ELECTRIC VEHICLES REGISTERED IN THE STATE; PROVIDING FOR A FEE ON ELECTRIC VEHICLES OPERATED IN THE STATE ITINERANTLY; PROVIDING FOR DISPOSITION OF THE FEES; AMENDING SECTIONS 61-1-101, 61-3-317, 61-3-321, AND 61-10-211, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE."

HB 188 would impose annual fees on different types of all-electric vehicles, including light vehicles, heavy trucks, and motor homes. The fee would be in addition to the personal property registration fee paid annually by vehicle owners.

While I support the intent of the bill to require electric vehicle owners to pay what is essentially a user fee into the state's highway trust fund, as do other vehicle owners that consume gasoline, HB 188 would establish some of the highest fees in the nation. The automobile industry is poised to offer more electric options and these fees would discourage the purchase of these vehicles in Montana.

Specifically, the \$195 annual fee for light vehicles would be higher than most states that have adopted these types of fees. Only a handful of the 28 states that have annual fees for electric vehicles that are higher than what is proposed in HB 188 – most range from \$50 to \$150. HB 188 initially recommended \$100 for electric vehicles weighing less than 6,000 pounds or with a capacity of one ton or less, and \$150 for those weighing more than 6,000 pounds or with a capacity of more than one ton. I would have supported these basic fees.

I am particularly concerned about the \$375 annual fee for "heavy trucks" with "a capacity in excess of one ton and a gross vehicle weight of 26,000 pounds or less." Montana code does not define "heavy truck." Moreover, the term "capacity" is not defined in either this legislation or Montana code, and could conflict with or be interpreted differently than the more accepted term "payload." Based on the language in the bill, many all-electric models of light-duty electric trucks - e.g. Ford F-Series, Toyota Tundras, Dodge Rams, Chevy Silverados, and GMC Sierras

to name a few – would pay this higher fee because they may have payloads in excess of one ton. All-electric options for these popular trucks and others are slated for the automobile market and a fee of \$375 would be the highest in the nation by almost double. I applaud the work of the sponsor to address the unfairness of electric vehicle owners not paying their fair share to fund the state's road infrastructure. However, supporting such high fees goes against my plan to ensure that Montana maintains a competitive tax environment and is open for business. My recommendation is for the Legislature to bring a proposal next session that adopts a reasonable fee that better aligns with the fees of a majority of the other 28 states that have adopted them.

For these reasons, I veto HB 188.
